**Section 4: First Aid Measures**

**Eye contact:** Thoroughly rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

**Skin contact:** Discontinue use of product. Thoroughly rinsing for 15-20 minutes of the affected area with water is recommended. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

**Inhalation:** If respiratory irritation occurs, remove individual to fresh air. If discomfort persists, contact a physician.

**Ingestion:** Do not induce vomiting. Contact a physician or Poison Control Center.
Safety Data Sheet

Section 5: Fire Fighting Measures
Suitable Extinguishing Media: Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Water spray, foam or dry chemicals.

Specific Hazards Arising from the Chemical:
Product is not flammable or combustible.

Protective equipment and precautions for firefighters:
As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

Section 6: Accidental Release Measures
Procedures for Spill/Leak Clean-up:
Absorb spill and scrub the area with detergent. Dilute with water.

Section 7: Handling and Storage
Handling: Use of eye protection and protective gloves is necessary.
Storage: Tightly closed original container at room temperature.

Section 8: Exposure Control / Personal Protection
This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseeable use.

Section 9: Physical and Chemical Properties
Color, Odor and Appearance: Clear blue gel with characteristic odor.
Melting Point: Not applicable.
Boiling Point: 212F
Physical State: Gel.
Solubility in Water: Soluble.

Section 10: Stability and Reactivity
Conditions to Avoid: Avoid extreme heat.

Section 11: Toxicological Information
This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use.

Chronic Effects: Finished product is not expected to have chronic health effects.
Target Organs: No adverse health effects on target organs expected for finished product.
Carcinogenicity: Finished product is not expected to be carcinogenic.

Section 12: Ecological Information
The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.
Section 13: Disposal Considerations
Disposal should be in accordance with Federal, State/Provincial and Local regulations. Empty container through normal use as instructed on the container.

Section 14: Transport Information

DOT: Not regulated
IATA: Not regulated
IMDG: Not regulated

Section 15: Regulatory Information

US State Regulations:
Not applicable.

Section 16: Other Information
All chemicals may pose unknown hazards and should be used with caution. This Material Safety Data Sheet (MSDS) applies to only this product as packaged. If this product is combined with other materials, deteriorates, or becomes contaminated, it may pose hazards not mentioned in this MSDS. It shall be the user's responsibility to develop proper methods of handling and personal protection based on actual conditions of use. While this MSDS is based on technical data judged to be reliable, the manufacturer assumes no responsibility for the completeness or accuracy of the information contained herein.
