## Built-In Wireless Charging and Turbocharged Motor

Revolutionary first of its kind built-in universal wireless charging technology is compatible with Qi wireless chargers. Remove any cell-phone from your wireless charger and use the same charger for your Wireless Prodigy Shaver.

Another first ever - staggered independent gold titanium Forged cutter blades with more powerful, hypo-allergenic performance and ultra-thin & hypo-allergenic gold titanium foils that last over 50% longer than other foils.

Ergonomic design with corded or cordless operation. For customizable options, simply interchange the cap or removable foil head assembly with other Wireless Prodigy colors (Prodigy available in red and blue through S|C).

Lithium-ion battery delivers twice the standard runtime, with 120 minutes of cordless operation per charge and rapid recharging in just 30 minutes.

TURBOCHARGED MOTOR

HYPO-ALLERGENIC GOLD-TITANIUM FOILS

RECHARGEABLE USB

FORGED GOLD TITANIUM CUTTERS

120 MINUTES CORDLESS RUN TIME LITHIUM-ION BATTERY

WIRELESS CHARGING TECHNOLOGY

## *Wireless* PRODIGY

WIRELESS CHARGING TECHNOLOGY
